PowerMate®

Who is PowerMate®?

L P International Inc., the manufacturer of **PowerMate®**, has been providing solutions to businesses for over 30 years - worldwide. As the market leader and innovator, we pride ourselves in working with our customers in providing **Complete Moving Solutions**.

Why do I Need A PowerMate®?

Just ask our customers, they tell us they can't do without it! Initially, many customers look at **PowerMate®** without understanding the true value of the product. They soon recognize that **PowerMate®** delivers a substantial return on investment.

What Makes PowerMate® Different?

- ◆ **PowerMate®** believes that our relationship with our customers does not stop with the sale; it begins!
- ◆ **PowerMate®** offers the highest quality engineered product with the best in class post sales and service support and world-class operator training!
- ◆ **PowerMate®** has a bottom rubber guard on the heel plate that prevents slipping on steel, concrete, wooden or tile stairs. This also protects the customers' property from damage.
- ◆ **PowerMate®** carries heavy loads on the large outer frame which is over 4" wide, not on the smaller 2" inner frame.
- ◆ **PowerMate®** has strapbars bolted to the frame, which is for more security.
- ◆ **PowerMate®** offers a three position break-back system.
